Profiles: @elrob3.official (IG / Threads / TikTok / FB)

PROFESSIONAL PROFILE

Hands-on Occupational Health & Safety (HSE) Officer with 6+ years of combined field experience across luxury hospitality, automotive manufacturing, high-rise building renovation, and industrial operations, plus early operational founding experience at Nano Tech Security Systems. Focused on daily site presence, proactive risk assessments, Permit to Work (PTW) enforcement, scaffolding and crane lifting inspections, and fire/emergency readiness.

CORE HSE COMPETENCIES

Risk Assessment & JSA | Permit to Work (PTW) | Working at Heights & Scaffolding | Heavy Rigging & Crane Safety | Fire & Life Safety Systems | Emergency Evacuation Drills | PPE Enforcement & Auditing | Toolbox Talks & Staff Training

VERIFIED WORK EXPERIENCE

Hyatt Centric Cairo West
May 2026 – Present

Health & Safety Officer

- Conduct daily safety inspections across hotel facilities, kitchens, MEP plant rooms, and emergency exits.
- Prepare and update operational Risk Assessments across departments, monitoring fire panels and evacuation readiness.

Korra Energi — Yazaki Automotive Wiring Harness Plant (Fayoum)
Jan 2026 – Apr 2026

Safety Officer

- Performed daily field inspections covering mechanical/electrical hazards during plant equipment and utility installation.
- Reviewed Permits to Work (PTW) for hot works and confined areas and tracked corrective actions with site contractors.

Four Seasons Hotel Cairo at The First Residence
Jan 2025 – Jan 2026

Health & Safety Officer

- Audited fire safety systems, gas networks, and workplace hazard controls across luxury hospitality operations.
- Delivered staff safety awareness briefings and supported evacuation simulations and first-aid readiness.

Korra Energi — Nefertiti Tower Renovation Project (Cairo)
Sep 2023 – Dec 2024

Safety Officer

- Supervised high-rise renovation safety, working-at-height permits, fall-arrest harnesses, and anchor lifelines.
- Conducted regular scaffolding checks (scaffold tags), crane rigging inspections, and daily subcontractor coordination.

Nano Tech Security Systems
Nov 2019 – Mar 2022

Founding Member — Field Operations & Delivery

- Co-founded the security systems venture and led field installation of CCTV, alarm panels, and access control networks.
- Coordinated equipment supply logistics and technical wiring safety verification before client handover.

Al-Hamad Plastic Factory
Nov 2019 – Nov 2020

Occupational Health, Safety & Security Officer

- Supervised production line safety around thermal extrusion equipment, electrical panels, PPE use, and fire exits.

TECHNICAL EDUCATION

Giza Electric Secondary School (2019)
General Building Construction & Water/Drainage Networks — Technical grounding in civil works, piping, and site schematics.
